

MINNESOTA STATE

# +CONNECT

## What is +Connect?

+Connect offers a series of training courses led by live instructors through online video conferencing technology. This technology – sometimes referred to as telepresence – provides participants with the sense of being present in a classroom with an instructor and other students without ever having to leave their job site.

## Who is +Connect for?

+Connect is ideal for incumbent workers and those in apprenticeship or dual-training programs.

## Why is +Connect beneficial?

- Delivers affordable, high-quality instructor-led trainings
- Offers short-term courses that can be taken from any location, including the job site
- Provides the opportunity to train current employees to meet the skills gap
- Offers courses that lead to academic and industry-related credentials
- Courses combine participants from a number of companies, allowing more flexibility and a variety of trainings to directly meet employer needs

## Where do courses take place?

Connect from anywhere, including the job site, using a computer or video system.

## How much does it cost?

- \$99 for manufacturing-related courses\*
- Competitive pricing for all other courses

*\*\$99 courses are funded by the MnAMP grant and require the completion of intake paperwork.*

## Where can I learn more?

Visit [www.mnamp.net/programs/connect](http://www.mnamp.net/programs/connect) for details and current course offerings.

## How do I register?

Register for available courses today at [www.southcentral.edu/connect!](http://www.southcentral.edu/connect!)

## What if I have additional questions?
